# IT'S ALL IN THE DETAILS!

Chances are that you put a lot of effort into picking out every little detail of your wedding day. From the shoes to the jewelry to the flowers, every little detail tells a piece of the story of your wedding day! The beginning of the wedding day is the perfect time for me to capture all those little details before the craziness of the day starts! I suggest having all these items gathered in one bag ahead of time and ready to go when I arrive, so that we can ensure that everything is documented without running around the morning of to look for everything! This document will tell you all the items you'll want to gather together and some tips to make the whole process smoother!

# EXTRA ITEMS

## HEIRLOOMS

Do you have a special heirloom item like your grandmother's wedding ring or a special hankie that are a part of your wedding?

Include them with your bridal details to be captured!

## STYLING ITEMS

Including extra styling elements that go with your wedding theme and colors like fabric, ribbon and trays can help to give the detail photos a cohesive look you love that is consistent with the rest of your wedding!

## MRS BOX

Want to display your ring in a gorgeous luxury velvet box that will also serve as an heirloom for future generations? Consider investing in a gorgeous MRS box for your ring! [themrsbox.com](http://themrsbox.com)

## LOOSE FLOWERS

Loose flowers and greenery make such a lovely addition to bridal detail photos! PLEASE ask your florist to include extra loose florals and greenery with your bouquet delivery! They can use these images for advertising... its a win-win!

# SOME HELPFUL TIPS!

## TIP #1

Have the bouquets, boutonnieres and loose florals delivered to your getting ready location 30 minutes before I am scheduled to arrive to ensure they are ready to go when I get there!

## TIP #2

If you had calligraphy or any special lettering done on your invitations, have an extra copy made for me to photograph! For safety and for memories you can even use the address of your venue!

## TIP #3

Have all 3 rings (engagement ring, bride's band, groom's band) included with your details so I can photograph them all together! Once I am done with them, we can give the bands to whoever is in charge of holding onto them!

## TIP #4

Make sure both partners have their time to shine. Including details for grooms is often overlooked but it is so fun getting to see everything styled together. I'll distribute everything when I'm done so we can flow right into getting ready photos!

and here's a simple no frills checklist that you can print and keep in your bag!
